## Affected Products

This Hotfix applies to the following products (either installed stand-alone or from suites). Each product must be patched with the latest applicable service pack prior to installing the Hotfix.

AutoCAD 2013-2015

AutoCAD Architecture 2013-2015

AutoCAD Civil 3D 2013-2015

AutoCAD ecscad 2013-2014

AutoCAD Electrical 2013-2015

AutoCAD LT® 2013-2015

AutoCAD Map 3D 2013-2015

AutoCAD Mechanical 2013-2015

AutoCAD MEP 2013-2015

AutoCAD P&ID 2013-2015

AutoCAD Plant 3D 2013-2015

AutoCAD Raster Design 2013-2015

AutoCAD Structural Detailing 2013-2015

AutoCAD Utility Design 2013-2015

DWG TrueView™ 2013-2015

#### Issues Resolved by This Update

This Hotfix addresses a vulnerability where a specially crafted raster image in a drawing can trigger unauthorized code execution.

#### Installation Instructions

You must have administrative privileges on your Microsoft® Windows® operating system to complete the installation process.

1. Close all software applications.
2. Run Task Manager. If the *AdSync.exe* process is running, select it and choose “End Process” prior to running the Hotfix installer.
3. Download the Hotfix executable (*Autodesk\_AutoCAD\_2013\_to\_2015\_Raster\_Image\_Vulnerability\_Hotfix.exe*) to your desktop.
4. Double-click on the downloaded Hotfix executable. This will launch the tool and automatically update Autodesk software installed on your machine.
5. Review the contents of the Hotfix log file (*AutoCAD Raster Imaging Hotfix.log*) located in *%TEMP%* to make sure your products are patched correctly.
