

# Autodesk® AutoCAD® 2017 Customization Hotfix

**Thank you for downloading the AutoCAD 2017 Customization Hotfix.**

This readme contains the latest information regarding the installation and use of this Hotfix. It is strongly recommended that you read this entire document before updating your product(s).

For reference, please save this document to your hard drive or print a copy.

## Contents

- [Affected Products](#)
- [Issues Resolved by This Update](#)
- [Installation Instructions](#)

## Affected Products

This Hotfix applies to the following:

- 2017.1 Update versions of Autodesk AutoCAD 2017 and Autodesk AutoCAD 2017-based vertical products
- 2017.1.1 Update versions of Autodesk AutoCAD 2017 and Autodesk AutoCAD 2017-based vertical products

## Issues Resolved by This Update

This Hotfix addresses an issue where an exception is thrown when programmatically adding customizations to the ribbon in AutoCAD.

## Installation Instructions

You must have administrative privileges on your Microsoft® Windows® operating system to complete the installation process.

This installation requires you to replace the following files:

- *AcCui.dll*
- *AcCustomize.dll*
- *AcSeamless.dll*

Download the correct Hotfix for your application to a location on your local computer:

- For 32-bit operating systems:  
*AutoCAD\_2017\_Update\_1.1\_AcCui\_Hotfix\_32\_bit.zip*
- For 64-bit operating systems:  
*AutoCAD\_2017\_Update\_1.1\_AcCui\_Hotfix\_64\_bit.zip*

Double click on the zip file and extract the resulting file to a location on your computer, e.g. *C:\Temp*.

### To Replace the File

1. Close all software applications.
2. Navigate to your product installation folder; for example *C:\Program Files\Autodesk\AutoCAD 2017*.
3. In the product installation folder, right-click on each file listed below, select Properties, and go to the Details tab. You should replace each file (following steps 4 and 5) only if the version is lower than the one listed below.

- *AcCui.dll*                    21.0.301.1
- *AcCustomize.dll*            21.0.301.1
- *AcSeamless.dll*            21.0.301.1

4. In the product installation folder, right-click on the file to rename it (e.g. *AcCui.dll* to *AcCui.bak*).
5. Move the newly downloaded file from *C:\Temp* to this folder.

## To Uninstall This Hotfix

1. Delete the files that you downloaded and installed.
2. Restore the renamed files to their original names (e.g. *AcCui.bak* to *AcCui.dll*).
