Affected Products

This Hotfix applies to the following:

- All publicly released 64-bit versions of Autodesk AutoCAD 2017 and Autodesk AutoCAD 2017-based vertical products

Issues Resolved by This Update

This Hotfix resolves multiple issues when using views in conjunction with the model documentation feature.

Installation Instructions

You must have administrative privileges on your Microsoft® Windows® operating system to complete the installation process.

Note for non-English product versions:

There is no issue if the Model Documentation Hotfix is applied on top of the shipping version of the 2017 product.

If you already have a 2017 service pack or update installed, then you will need to modify the *inventor.ini* file prior to installing this Hotfix. Please click on the link for the technical solution on the Hotfix download page. This step will need to be repeated if another update is applied after a successful installation of the Model Documentation Hotfix.

Steps:

1. Download the Hotfix to a location on your local computer.
   - *AutoCAD_2017_Model_Documentation_Hotfix_64bit.exe*
2. Close all software applications.
3. Launch the Hotfix installer by double-clicking on the downloaded executable. It will update all applicable AutoCAD 2017 and related vertical products on your machine.

To Uninstall This Hotfix:

1. Select *Autodesk AutoCAD Model Documentation Hotfix (version 21.0.451.0)* under Control Panel->Programs->Programs and Features->Installed Updates.
2. Right-click and select Uninstall.
