Affected Products

This Hotfix applies to the following:

- 2019.0.1 Update versions of Autodesk AutoCAD 2019, Autodesk AutoCAD LT® 2019, and Autodesk AutoCAD 2019-based vertical products

Issues Resolved by This Update

This Hotfix addresses an issue with Draw Order not functioning correctly after switching layouts.

Installation Instructions

You must have administrative privileges on your Microsoft Windows operating system to complete the installation process.

This installation requires you to replace the following file:

- *acdb23.dll*

Download the correct Hotfix for your application to a location on your local computer:

- For 32-bit operating systems:
AutoCAD_2019_0_1_Update_Draw_Order_Hotfix_32bit.zip

- For 64-bit operating systems:
AutoCAD_2019_0_1_Update_Draw_Order_Hotfix_64bit.zip

Double click on the zip file and extract the resulting file to a location on your computer, e.g. *C:\Temp*.

To Replace the File

1. Close all software applications.
2. Navigate to your product installation folder; for example *C:\Program Files\Autodesk\AutoCAD 2019*.
3. In the product installation folder, right-click on the file listed below, select Properties, and go to the Details tab. You should replace the file (following steps 4 and 5) only if the version is lower than the one listed below.

- *acdb23.dll* 23.0.61.1

4. In the product installation folder, right-click on the file to rename it (e.g. *acdb23.dll* to *acdb23.bak*).
5. Move the newly downloaded file from *C:\Temp* to this folder.

To Uninstall This Hotfix

1. Delete the file that you downloaded and installed.
2. Restore the renamed file to its original name (e.g. *acdb23.bak* to *acdb23.dll*).
